

QUARTERLY UPDATE **March 31, 2024**

The Fund for the 21st Century

The Boston Foundation offers three separate investment pools within the Fund for the 21st Century. These three pools allow donors to select the option that best matches the time horizon of their charitable giving plans. Donors may also customize their asset allocation by investing among all three pools. The Balanced Plus Pool asset mix is expected to produce the highest long-term investment return. Accordingly, the Boston Foundation invests the majority of its endowment assets in the Balanced Plus Pool.
