Generally, the Foundation manages its funds using a total return concept, which emphasizes total investment return, including interest and dividends and realized and unrealized gains and losses. Annually, the Foundation's board of directors determines the level of grant making based on two factors that serve to stabilize annual spending levels and preserve the real value of the endowment over time. In fiscal years 2023 and 2022, those factors are 70% of the prior year's spending, adjusted for inflation, plus 30% of a spending rate at 5.00% for 2023 and 2022 of the estimated fair value of its discretionary endowment and 5.0% for 2023 and 2022 of the estimated fair value of its designated endowment. Part II Supplemental Information. Provide the information required by Part I, lines 30b, 32b, and 33, and whether the organization is reporting in Part I, column (b), the number of contributions, the number of items received, or a combination of both. Also complete this part for any additional information.

Schedule M, Line 32b:

When the Boston Foundation, Inc. is notified that a donor will be making a contribution of a publicly traded security, instructions are provided to the donor to deliver the shares to the Boston Foundation's brokerage account. The Foundation typically uses one brokerage firm (Stifel) for publicly traded security transactions. The Foundation also holds accounts at a small number of other brokerage firms in order to facilitate efficient transfers for donors with accounts at those firms. When securities are received, the shares are sold as soon as possible, typically upon receipt or the next business day. Upon settlement, proceeds are delivered to the Boston Foundation. The Foundation may receive contributions of closely held or restricted securities that are not sold upon receipt, but are sold either upon the lifting of the restriction or when a liquidation event occurs.

Occasionally the Foundation receives non-cash contributions such as limited partnership interests, real estate, or other assets which may require the Boston Foundation to engage a third party to handle the sale. When the Foundation is notified of such gifts, the asset is reviewed to determine the appropriate sales agent. The Foundation is not involved in the valuation of non-cash contributions, except for marketable securities. Donors are responsible for obtaining an independent third-party valuation.

Major goals and objectives for Program:

We believe that advancing equity and closing the gaps caused by this region's greatest disparities opens pathways to opportunity, prosperity, and equitable outcomes.

We have chosen four interconnected pathways to equity where we believe we can have the greatest impact.

-Nurturing Strong Beginnings: Ensure that children are physically and emotionally healthy, developmentally on track and well prepared to thrive in school and adulthood.

-Building Economic Opportunity: Every resident will have equitable access to high-quality career exploration and education opportunities, resources, tools and supports.

-Advancing Community Wealth: Traditionally under-invested residents will build stability and individual and collective wealth through more equitable housing, business and creative systems.

-Amplifying Community Leadership: Movement leaders are equipped to provide crucial leadership and support for marginalized communities and nonprofit organizations.

returns are presented to the Audit Committee, which includes the Board Chair as an Ex-Officio member, and whose duties are governed by a formal charter, for review and formal approval. Copies of the returns are distributed to all voting members of the Board of Directors for their review and comment in advance of the returns being filed. Both of these reviews are done with Schedule B removed. The Foundation's Board has discussed the removal of Schedule B and believes the privacy of the Foundation's donors warrants the redaction of the information. The Audit Committee also reports to the full Board, which votes to ratify the actions taken by the Audit Committee, including the approval of the returns. Copies of the returns are made available publicly on the Boston Foundation website.

Form 990, Part VI, Section B, Line 12c:

The Boston Foundation has established a formal conflict of interest and duality of interest policy and a code of business conduct and ethics. Copies of these policies and TBF's confidentiality policy and conflict of interest disclosure statement are required to be reviewed and completed by all new directors and employees. Annually, the Boston Foundation sends the policies and disclosure statements to all current directors, as well as anyone who has served as a director in the previous five years. These annual mailings also include a list of the Boston Foundation's significant vendors and investment managers. In addition, key employees, as well as anyone who has served as a key employee in the previous five years, are also sent the disclosure form and policies. Whenever a matter comes before the Board or a Committee, any person whose presence may create the appearance of a potential conflict of interest is required to recuse themselves and leave the meeting until the discussion regarding the matter

and any related votes have concluded. Employees are sent all grant dockets and asked to identify any potential apparent conflicts of interest.

Employees are required to refrain from involvement in any matters in which there exists a potential or apparent conflict of interest.

Form 990, Part VI, Section B, Line 15:

The Boston Foundation's standing Compensation Committee, which includes the Board Chair as an Ex-Officio member, is governed by a formal charter and follows the Boston Foundation's formal total compensation strategy. The total compensation strategy requires the Boston Foundation to retain the services of an independent compensation specialist to survey salaries and compensation of comparable positions of the President & CEO within local and national peer organizations. The specialist submits a formal report to the Compensation Committee. Guided by the report, the Compensation Committee recommends compensation for the President & CEO for the upcoming fiscal year. The Compensation Committee then reports to the full Board, which votes to ratify the actions taken by the Compensation Committee, including the recommended compensation.
